2019 COURSE OF THE YEAR
The Heather
— National Golf Course Owner's Association —

THE COURSE THAT LAUNCHED MICHIGAN RESORT GOLF.

No matter how your game is going, The Heather's sublime setting is a reward in itself. With a longer layout and several forced carries, the Robert Trent Jones, Sr. course requires careful planning and patience. But the abundant wildlife, rolling fairways, natural wetlands, bright white sand bunkers and blueberry bogs that punctuate the course remind us all that there's so much more to golf than just a tally at the end of a round.

THE MOOR

Established 1974

A TRUE TEST OF YOUR GAME.

They say golf isn't for the faint of heart. Just when your confidence is at its peak and your drives are flying straight, long and true, you encounter a course like The Moor. And you realize golf is a game you may never master, but one you'll always love.

A true favorite, The Moor was designed with numerous twists and turns – the front nine favors right-handed power fade hitters – with holes 1, 2, 7 and 9 showing their curves immediately off the tee.

Host of the AJGA Coca-Cola Championship since 1997.

THE MONUMENT

Established 1985

A ROUND WITH THE MASTERS.

Crafted with nods to the design philosophies of a Who's Who of golf course architects, The Monument's ever-changing personality packs a list of surprises for players at every level. Borrowing traits from designers like Donald Ross, Dr. Alister Mackenzie, Robert Trent Jones, George Fazio and Pete Dye, The Monument pays homage to the game's most important influences – with holes dedicated to noteworthy players and key contributors. It honors the game's history, as it encourages you to create a history of your own round after round.
